APPENDIX A	Statistical report pertaining to the <i>Privacy Act</i> / Form TBS/SCT 350-63 (Rev. 2014/03)
APPENDIX B	Delegation of powers tool for the <i>Access to Information Act</i> and the <i>Privacy Act</i>

1. INTRODUCTION

The *Privacy Act* (R.S.C., 1985, c. P-21) came into effect July 1, 1983. It governs the collection of personal information by the federal government, restricts the use and disclosure of this information and grants individuals the right to access and correct information about them. Section 72 of the *Privacy Act* requires that the head of every government institution submit to Parliament an annual report on the administration of this Act within the institution during the financial year.

This report is submitted in accordance with section 72 of the *Privacy Act*. It provides an overview of the activities the Québec Port Authority has carried out pertaining to the protection of personal information during the period from April 1, 2016, to March 31, 2017.

The Québec Port Authority was incorporated on May 1, 1999, following the adoption of the *Canada Marine Act*. The Canada Ports Corporation began to dissolve, making way for a national port network managed by the Canada Port Authorities (CPAs). The Quebec Port Corporation thus became the Québec Port Authority, a not-for-profit shared governance organization.

The mission of the Québec Port Authority is to promote and develop maritime trade, to serve the economic interests of the Québec area and of Canada, and to ensure the Port of Québec's profitability in a way that respects both the community and the environment. The means associated with achieving this mandate are to effectively develop and manage the Québec Port Authority's assets, create industrial activity and commercial growth, innovate in the port and transportation sectors, and preserve port heritage.

2. ORGANIZATIONAL STRUCTURE

The Vice President Operations and Environment and Corporate Secretary and Director, Compliance and Legal Affairs by interim acts as the access to information and privacy coordinator for the Québec Port Authority and has the delegated powers to do so. (See the delegation enclosed in Appendix B.)

In accordance with established practices, all formal requests for access to information or to documents are sent directly to this person, and they ensure the requests are processed in accordance with the provisions in the Act.

Additionally, a separate file is created for each request.

3. CAPACITY BUILDING

The Québec Port Authority remains determined to train and retain staff that have specialized skills and could continue to provide the best service possible to both internal and external clients.

4. DELEGATION OF POWERS

The Access to Information and Privacy Coordinator is Pascal Raby, Vice President Operations and Environment and Corporate Secretary and Director, Compliance and Legal Affairs by interim. He is responsible for making decisions about the enforcement of various provisions in the *Privacy Act*. (See the delegation enclosed in Appendix B.)

5. EXPLANATION OF THE STATISTICAL REPORT

Interpretation of the statistical report:

- Number of requests received
- Exemptions and exclusions
- Processing time
- Extension of the time limit
- Corrections
- Communication in accordance with subsection 8(2)
- Fees
- Costs

The Québec Port Authority’s statistical report regarding the *Privacy Act* is available in Appendix A in accordance with form TBS/SCT 350-63 (Rev. 2014/03) issued by the Government of Canada.

5.1 *Number of requests received*

Between April 1, 2016, and March 31, 2017, the Québec Port Authority did not receive official any request under the *Privacy Act*.

If we compare this to the previous year, i.e., the period from April 1, 2015, to March 31, 2016, the Québec Port Authority received one official request under the *Privacy Act*.

The graph on the following page shows the number of requests received for the years 2016-2017, 2015–2016, 2014–2015, 2013–2014 and 2012–2013.

The graph below shows the number of requests received for the years 2005 to 2009. Prior to 2010–2011, the Québec Port Authority produced its annual report for the period from January 1 to December 31 of each year. Note that this information is presented only to show the history of requests received under the *Privacy Act*.

5.2 Number of pages examined

The number of pages examined and transmitted during the reference year 2016–2017 is 0 pages. In the previous period, from April 1, 2015, to March 31, 2016, again, no pages were examined, which could not be processed as no document existed and the Québec Port Authority did not have any data pertaining to the information requested.

5.3 Exemptions and exclusions

The *Privacy Act* provides for some exemptions and exclusions under which the Québec Port Authority can or must refuse to disclose certain types of information.

For 2016–2017, the Québec Port Authority did not invoke any such exemption or exclusion.

5.4 Processing time

During the reference period, from April 1, 2016, to March 31, 2017, there was no processing time.

5.5 Extension of the time limit

No requests for access received for the 2016–2017 period were granted an extension of the time limit.

5.6 Corrections

Paragraph 12(2)(a) of the *Privacy Act* grants any individual the right to request the correction of personal information about them that is held by the federal government.

No corrections were requested or made in 2016–2017.

5.7 Costs

The total cost of enforcing the *Privacy Act* was evaluated to be \$0.

6. TRAINING

No training activities were held during the reference period between April 1, 2016, and March 31, 2017.

7. POLICIES, GUIDELINES AND PROCEDURES

Each year, the Access to Information and Privacy Secretariat submits to the Treasury Board of Canada Secretariat, for the purpose of publication in Info Source, updates about the Québec Port Authority's activities and information holdings.

In 2016–2017, the Québec Port Authority continued to revise the Info Source chapter in accordance with its activities.

7.1 *Publicly accessible information and inquiry points*

Info Source is a series of publications containing information about the Government of Canada and its data collection activities. The purpose of Info Source is to assist individuals in accessing government information and exercising their rights under the *Access to Information Act* and the *Privacy Act*.

In December 2011, the Québec Port Authority began publishing on its website completed requests for access to information. This practice was continued for the reporting period. On March 17, 2015, the Québec Port Authority received an instruction to the effect that we had to publish our summaries of completed requests for access to information on Canada's Open Government portal (open.canada.ca). Unfortunately, always as of reference year 2016-2017, we still have not received the documents requested in order to add our requests to that site. The Québec Port Authority will also publish the 2016–2017 annual report on the *Privacy Act*.

As set out in the *Access to Information Act*, government institutions such as the Québec Port Authority must respond to requests from individuals, public or private organizations and others for access to information. The list includes the request number in both official languages, the number of pages transmitted and an indication of whether the pages were transmitted in whole or in part. Moreover, requests pertaining to personal or proprietary information related to a third party are not included.

Additionally, individuals who wish to obtain a copy of documents published in response to requests recorded on the Québec Port Authority's website can find the entire procedure to follow as well as the contact information for the Access to Information and Privacy Coordinator on the website.

7.2 Policy development

During the 2016–2017 reference period, the Québec Port Authority continued to develop policies and instructions on access to information and the protection of personal information, as required by the Treasury Board of Canada Secretariat.

7.3 Key issues raised concerning the protection of personal information and measures taken

In the 2016–2017 reference period, no complaint was made to the Privacy Commissioner, no application for judicial review was made to the Federal Court, and no appeal was filed with the Federal Court of Appeal.

In addition, no complaint investigations were carried out by the Office of the Privacy Commissioner or were under way at the end of said reporting period.

7.4 Monitoring of deadlines

The Vice-president Operations and Environment and Corporate Secretary and Director, Compliance and Legal Affairs by interim monitors the processing time of received requests. Firstly, a file is opened for each request, and each one is entered into an Excel table. The progress of requests is tracked in this table. Everyone required to respond appropriately to the received requests is sent regular emails to ensure they meet the deadline. The President and Chief Executive Officer is notified of each request received by the Access to Information and Privacy Coordinator.

7.5 Privacy breaches

A substantial privacy breach involves the irregular or unauthorized collection, use, disclosure, retention or disposal of sensitive personal information that could reasonably be thought to cause serious harm or injury to the person involved.

No cases of substantial privacy breaches occurred during the reference period for this report.

7.6 *Privacy impact assessments (PIAs)*

To achieve its mandate, the Québec Port Authority must fulfill certain responsibilities that require the collection, use and disclosure of personal information. As the guardian of this information, the Québec Port Authority uses privacy impact assessments as a risk management tool in accordance with the Treasury Board’s policy.

The Québec Port Authority did not complete or initiate any PIAs, and therefore, no evaluation was sent to the Office of the Privacy Commissioner of Canada in the 2016–2017 reference period.

7.7 *Personal information banks*

Over the course of 2009, the Québec Port Authority examined personal information banks collected on it, and this examination is still ongoing. Personal information banks are being restructured so that they can better reflect the reality of the Québec Port Authority.

8. DISCLOSURES MADE PURSUANT TO PARAGRAPH 8(2)(m)

Paragraphs 8(2)(e) and (m) of the *Privacy Act* authorize the disclosure of personal information to various investigative or regulatory bodies, or to members of Parliament, or the disclosure of such information in the public interest.

The Québec Port Authority did not disclose personal information pursuant to the previously cited paragraphs, specifically paragraph 8(2)(m) of the aforementioned Act, during the 2016–2017 reference period.
